

Staking Rewards

The **Trusted** Staking Hub

Staking Rewards is the central information hub and leading data aggregator for the crypto staking industry.

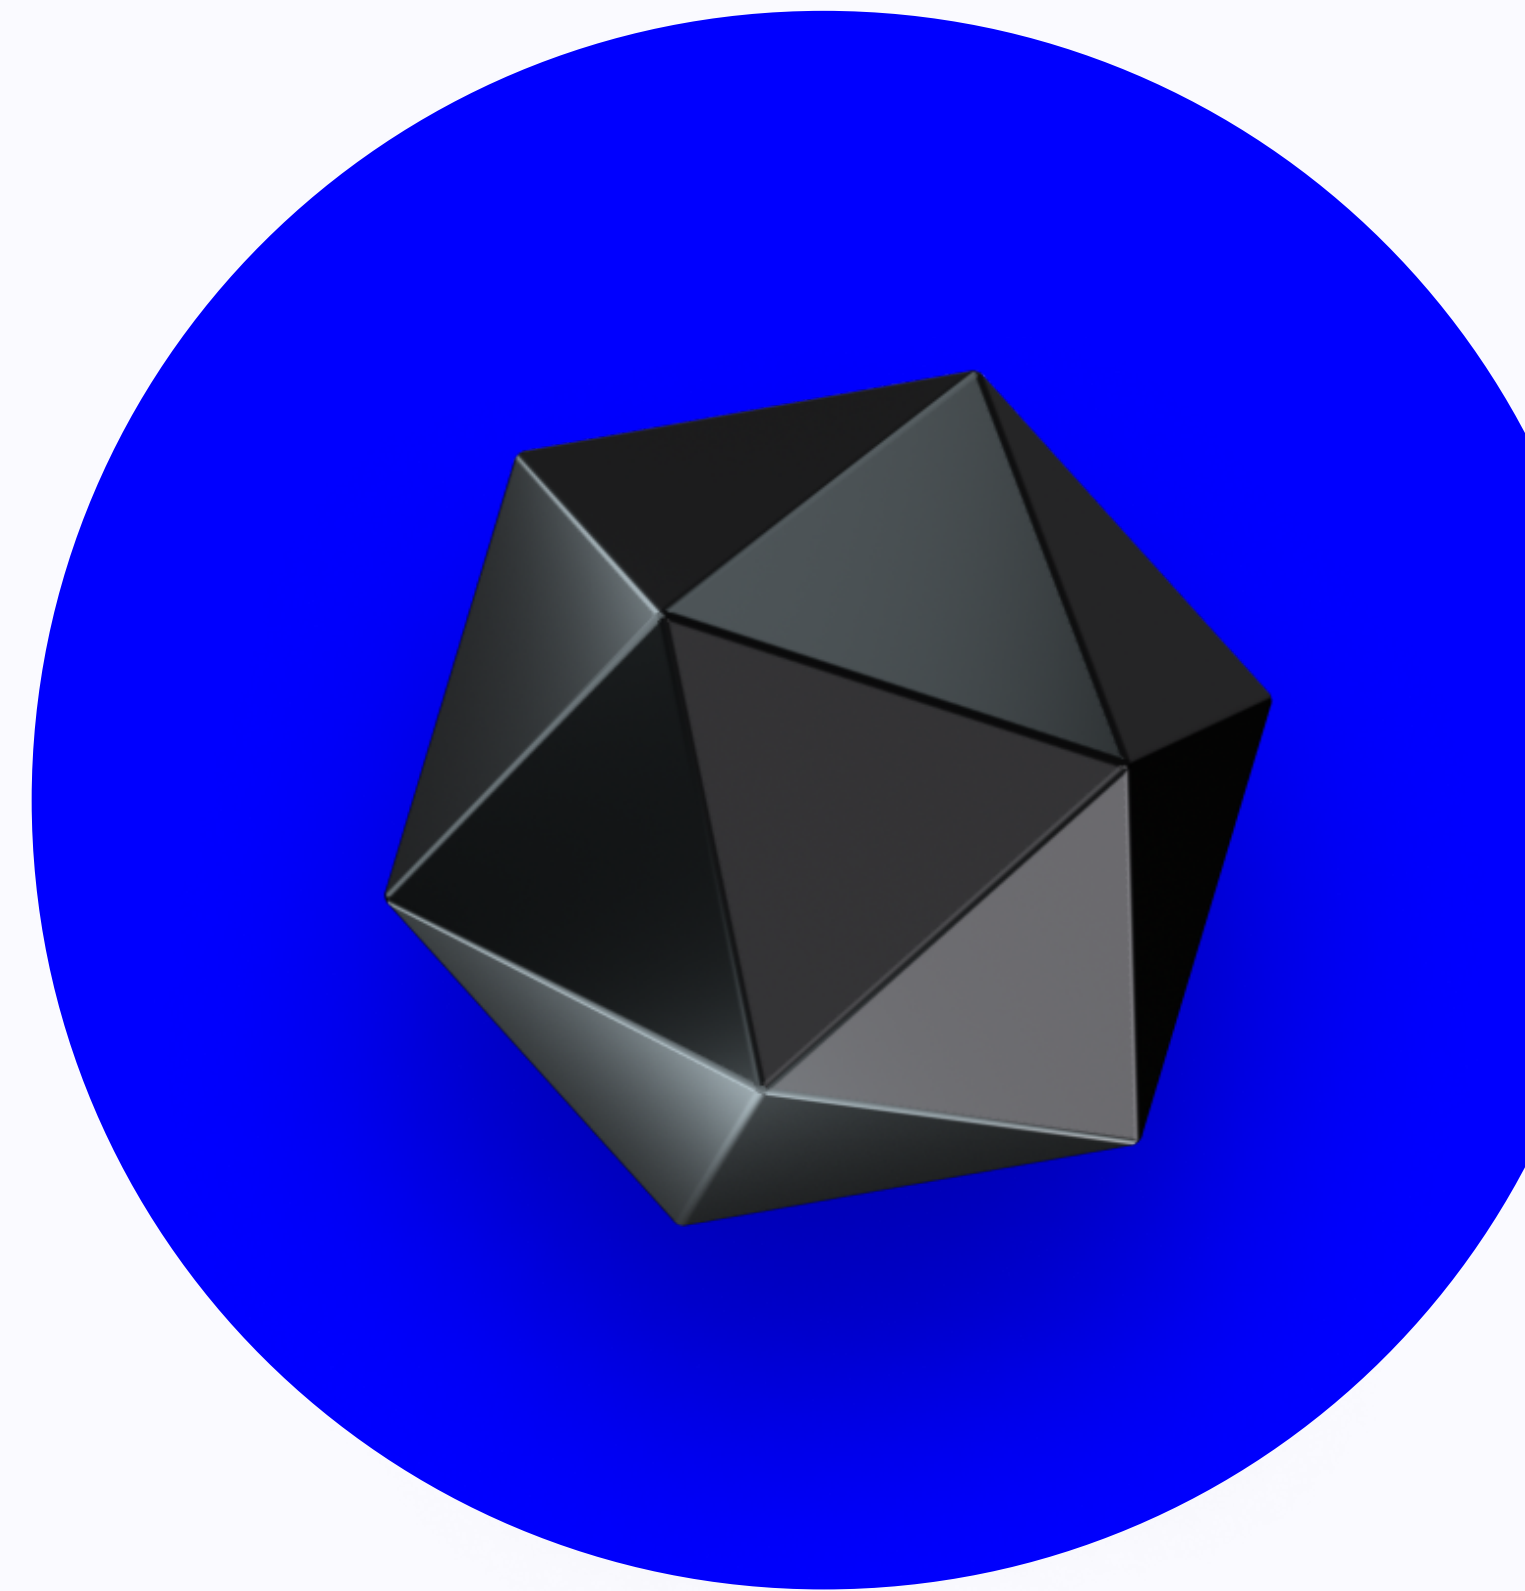

Staking Rewards

We provide insights and investment tools for private and institutional investors through unbiased & live staking market data, simplifying portfolio & calculator tools, and deep research analysis about the staking industry. Our API feed is being used by companies like Coinbase and Bitcoin Suisse. Founded in 2017, we're the first and most trusted brand in staking.

At Staking Rewards we believe that cryptocurrencies combined with yield-bearing strategies like staking will allow everyone in the world to establish sustainable passive income streams.

This is why we're on a mission to increase transparency, reduce entry-barriers and enable private users to become financially independent. We make staking easy and accessible.

What is a Shift Delegate?

How to receive the Shift rewards?

How often are the Shift rewards paid out?

Shift Delegate is a role that allows you to receive rewards for delegating your staking tokens to a specific validator. Shift Delegates are not required to be active in the network, but they must be online and have a minimum amount of staking tokens.

Shift Delegates are required to be active in the network, but they must be online and have a minimum amount of staking tokens.
